“ Great Nephew, you were and still is a joy to my life. I had the beautiful pleasure of help raising you and you turned out to be a joy to everyone. I will always remember the funny times we had together as a young toddler, youngster, teenager, and adult. Your pleasant and pleasing personality is actually a gift to anyone whom you shared your life with. I will always believe that, the "GOOD" ones are taken early to continue their journey with GOD and continue to make others smile. LUV U 4EVER.
