Tribute Wall

JS

“ As a classmate at Central State University in Ohio, and a co graduate in the class of 1961, I remember John as a dignified, somewhat reserved and focused student; a friend; a person dedicated to his studies and to his Fraternity; not necessarily in that order. Although I never knew that he was a minister, that seems to me to have been a likely choice for John. As I recall, although there was a lot of "partying" going on, he always appeared to adhere to his basic principles of "goodness". In this most difficult time, I send my prayers and best wishes to his family.

Dear Friends,

It is with great sadness that Geneva College at the Center for Urban Biblical Ministry acknowledges the passing of one of Pittsburgh's great leaders and one of our founders, Dr. John Leftwich. In 1988, Dr. Leftwich joined with other leaders to form our institution and ever since, hundreds of adults from our community have benefitted from his foresight and vision to take classes and earn college degrees. The CUBM family of staff, faculty, and students wishes to express our condolences to the family, friends, and church family of Dr. Leftwich, and pray that his legacy will continue to shine brightly in this area as our brother has gone on to his eternal reward. He will be missed.

Yours in Christ,

*Karla Threadgill Byrd
Executive Director*
