“ *My goodness I was trying to control my time all day yesterday without thinking about what today was but yet again you and God showed me you all had more control from my dreams to my pain to my alarms being perfectly fine and simply not going off. I miss you so much you have no idea what so many ppl would do for one last joke, smile, smart remark just anything. You were and will always be a awesome outgoing and unique individual whom cared for everyone. I love you and miss you and this pain I feel is unbearable.*

“ I have officially been smacked back down. Through all the days I thought I was doing good and maintaining it is back. I can't even gain control today. Man I miss you so much and this is wrong in so many ways. My heart truly feels like it has a ton of bricks sitting on it as if it's the first day. I miss your smile, humor, jokes and most of all when u struck a nerve. What I wouldn't do to fuss at you one more time or one more laugh. Boy oh boy. You brought all of us so much joy. Please cover all of us this is so hard Tyra. You will always be such a well rounded person. Lord.... I miss you like crazy. You meant so much to so many ppl I just hope they all stand up during this very difficult time. Love you boy

“ Good Morning. Praying for better days and more cheer. Yesterday was like everything was fresh again. Man O Man. I know you see everyone going through it and wish you could put it on pause. We are trying to deal. You are truly loved and missed. You had such a great impact on so many. Heart of gold and smile that could light up the sky on any given night. Love you dearly and miss you more. I can't believe this is our reality from day to day. I often tell myself not to ask questions but I am not feeling this is a hurt piece. My God please grant some peace and comfort

“ Good Morning Tyray:

Through the tears and the anger today we go and represent you and only you. God will watch over us as the judge gets the proceedings underway. This is going to be very very hard to sit through with sealed lips. Oh my this is unbelievable. Never in a million years did I ever think I would be doing this on your behalf. No u were not perfect but you didnt deserve this is no way shape or form. What I wouldnt do right now to hear u talking stuff so I could mug u in the head and we could smile and hug. Everyone misses you so much especially your mommy. With lots of prayers we will all get through this but we will never forget you. Your legacy will live on forever and ever. Yes we will have day when we shed tears. But thats all apart of this process love. Today we will stand and be united for u in your name. I pray for peace and justice. I love you Ray. xoxoxoxoxo Keisha

“ *Friend doesn't even go in this category of our relationship. You were point blank a brother to me and that is never going to change. I'm happy with that you are able to rest and you won't have to suffer anymore bruh. Your big brother just wanted you to stay out of trouble. Life has a weird way of showing us we need God the most which is all the time. Always prayed over you man no matter where u were I knew the devil was trying to hinder you from being the person you knew you could be. I'm glad you did the right thing by getting out of trouble and hope and pray your soul is right with God and when he returns you will be able to make in those pearly gates. Love you bro and miss you man we had a great bond.*

“ I remember when I first met you, instantly I knew you were different, special, very respectful, and handsome! I thought to myself who is this out here about to be rained on? I told Sky to let you come inside. You couldn't wait to tell me your dilemma with a certain young lady and you were so passionate it was like speaking to one of my four son's! You explained to me how I reminded you of your mom and I told you to listen to your mom she was a wise woman! 😊 I am so sorry that your light isn't shining in the earthly realm but I know your spirit is smiling bright and singing praises to the Lord! I know your parents pain especially your mom's, there is nothing like not being able to protect your child from harm! I know you and Sky will keep tabs on your loved ones, please give him a kiss and a hug from me!

Loving and missing you both,

Lamaria
